

Got Asperger's?

Come Join ASAP:

Asperger's Support for
Adolescents Plus

A Social Support Group for
Teens and Young Adults
with Asperger's and
High Functioning Autism

ASAP provides a supportive way for teens and young adults with Asperger's and HFA to socialize and make friends. We are not a therapy group.

We meet regularly to hang out, play board games, eat pizza, watch movies and have fun.

We also schedule outside activities like going to the movies, restaurants and the beach.
